

Want To Know How to increase your income by £50,000 Per Annum?

(Part 7 of 12)

Answer: Are you considering buying or financing a new vehicle within the next 12 months.

If you are a registered user on **Options4Brokers.com** you will automatically be registered with our car and car finance partner **FirstAutoOptions.com** and you even use the same user name and password to access this amazing vehicle and vehicle finance discount site.

FirstAutoOptions.com not only gives your clients access to massive discounts on new cars from virtually all the car and van manufacturers throughout the world, we also give the same level of discount available on the vehicle, on any options you or your client select. Discounts on 'optional extras' are virtually never made available from the manufacturers or the distributors. On top of all this we pay you £200 commission for each and every vehicle sale and finance that completes, and remember FirstAutoOptions.com is a virtual car showroom and because of very low overheads we are able to compete and beat the large car supermarkets on discounted new vehicles.

Here is a guide to how **FirstAutoOptions.com** works.
