

**Want to Know how to Increase Your Income by  
£50,000 per Annum?**  
(Part 8 of 12)

ANSWER = On the basis that you are running your own business, would you give me the opportunity to quote for your commercial insurances when they come up for renewal?

If you are a registered user on **Options4Brokers.com** you can access our commercial Insurance partners who operate a unique bespoke commercial insurance broking service. This service is based upon the best of both worlds, for those risks which are generally straightforward, there is an online solution, however, and this is the really unique aspect of this service, when something falls out of the standard round peg round hole scenario, there is an on-line real time real live commercial insurance underwriter who will ask the relevant questions on the screen whilst you are watching. If you or your client can not answer the question or questions, simply park the enquiry find the data and when ready return to the point where you left off inputting the responses and the underwriter at the other end will calculate the premium within hours.

If you have never been involved in commercial insurance in the past, this is the way to get started with the help of your very own specialist. It's easy to use, very competitive and pays you 7.5% of the commission earned. With the average commercial premium at **£XXXXX and 7.5% commission paid to introducers i.e. an average of £YYYY per case this** could produce an annual income of ££2700 based upon one case per month. Bear in mind that most self employed persons or business owners have an average of 3 commercial insurance policies, and 25% of your clients or their spouses will be running their own business or self-employed, this is a tremendous market to have access to, and gain referrals from.

Introducer commissions below:

Premium	Introducer
Up to £3,000	7½ %
£3,001 - £10,000	5%
Over £10,000	By Negotiation
